In case of a major emergency it is very useful to have: a $\underline{\underline{H}}$ ousehold $\underline{\underline{E}}$ mergency $\underline{\underline{L}}$ ife-saving $\underline{\underline{P}}$ ack (H.E.L.P) containing:

- A battery radio with spare batteries or a wind up radio
- A battery torch with spare batteries or a wind up torch
- Candles and matches
- A First Aid kit
- Copies of important documents like birth certificates, insurance policies and this plan
- Bottled water and ready to eat food (tinned food), with a can opener if required

Knowing what to do in an emergency is vitally important. Consider learning First Aid, it is a valuable skill that can serve many purposes.

You should complete and familiarise yourself with the following emergency numbers:

Work: Kirkcudbright 103FM School: Machars 103FM Home Insurance: Other areas 97FM

Ensure you have an analogue phone (one that doesn't need to be plugged into the electrics) – electric ones may not work in an emergency if the electricity supply is affected

In the event of an emergency and if it is safe to do so the advice is usually to:

GO IN (go indoors and close all windows and doors),

STAY IN (stay indoors),

TUNE IN (to local radio, TV or the internet, where public information and advice

from the emergency services will be broadcast.)

If you find yourself in the middle of an emergency, your common sense and instinct will usually tell you what to do. However, it is generally important to:

- Try to remain calm, reassure others and think before acting
- Make sure 999 has been called if people are injured or if there is a threat to life
- Do not put yourself or others in danger
- Follow the advice of the emergency services
